

Fare il tampone

In questo momento

potrei

ammalarmi.

L'influenza

che

posso

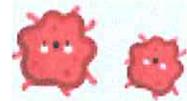

prendere

viene

dal

coronavirus.

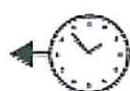

Per

vedere

se

ho

preso

questa

malattia

devo

fare

il

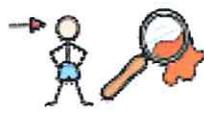

tampone.

Mi

farà

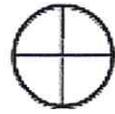

l'esame

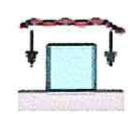

un

infermiere

tutto

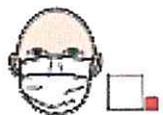

coperto

da

camice,

mascherina,

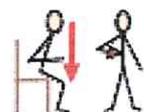

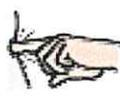

cuffia

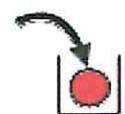

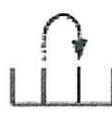

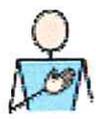

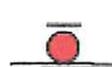

e

visiera.

  >   +      
Mi chiede di sedermi e mi infila un bastoncino sottile

     ! +     
dentro la bocca lo strofina e poi lo toglie.

     -   
Per provare poco male, devo stare fermo.

 -   +     ,  
Può essere un po' fastidioso e forse mi fa lacrimare ma

- !   
è molto veloce.

    **10** + -    
Posso contare fino a 10 ed è tutto finito.

        
Il giorno dopo saprò se mi sono ammalato.
