

Cruciverba matematici

- Completa il cruciverba matematico con addizioni e sottrazioni.

A crossword puzzle grid for arithmetic operations. The grid consists of 16 boxes for each row and column. The first row contains: 4 - 2 = (empty), + (empty), - (empty), 1 (in the middle), = (empty). The second row contains: (empty) - 7 = 2, + (empty), + 8 = (empty), - (empty). The third row contains: (empty) + 6 = (empty), - (empty), 6 (in the middle), = (empty). The fourth row contains: (empty) - 5 = (empty), - (empty), - (empty), = 5 (in the middle). The fifth row contains: - (empty), + (empty), = (empty), 3 - (empty) = (empty), + (empty). The sixth row contains: 1 (in the middle), = (empty), = (empty), = (empty), + (empty). The seventh row contains: 8 (in the middle), - (empty), = (empty), + (empty), 5 (in the middle), = (empty). The eighth row contains: 9 - (empty) = (empty), + (empty), 5 (in the middle), = (empty). The ninth row contains: 3 + 3 = (empty), - (empty), = (empty), 4 (in the middle), = (empty). The tenth row contains: (empty) - 4 = (empty), = (empty), = (empty), = (empty).
